

Change Notice

M2B Series

Changes to Color of Epoxy Seal for Terminals on M2B Pushbuttons

Type of Change:

- Engineering Part Number
- Product Appearance

There will be a revision to the epoxy seal applied at the base of terminals for M2B Series Pushbuttons. Previously, the epoxy seal had been green, and it will be modified to black. There will be no difference in the effectiveness of the new black epoxy seal in protecting the terminal base against entry of flux, solvents and other contaminants. This changes will apply to all standard and custom M2B switches.

Effected standard part numbers are listed on the following page.

Epoxy Seal Before Change	Epoxy Seal After Change
 <p>Epoxy Seal Color: Green</p>	 <p>Epoxy Seal Color: Black</p>

Examples shown are M2B Series Pushbuttons with epoxy seal at base of terminals.

Notes

There are no changes to the switches' dimensions or specifications.
Contact information is below if more details are needed.

Effective Date

Changes for epoxy seal on M2B Series Pushbuttons will be effective July 2024.
However, the end of sales date may be subject to change if orders exceed expectations for the specified products.
