

## Change Notice

## S & SW Series

### Changes for Specific Models of S Series Toggles & SW Series Rockers

Type of Change:

- Engineering     Part Number  
 Product         Appearance

*The original Contact No. 419 released February 2025 is being reissued as Contact No. 419-A with one change. The revision is the Effective Date, which will be announced when the schedule is confirmed.*

Changes for S Series Toggles & SW Series Rockers

This Product Change Notice is related to **Contact No. 418** that states in **Notes** on page 1: “Due to this change, UL recognition will be updated from UL1054 to UL61058-1 with rated voltage at 125V AC.” Three separate changes are described below for specific S Series Toggles and SW Series Rockers. Standard and custom products of both series will be included. Effected standard part numbers for each of the series and for all three of the changes are on pages 2-4.

- UL Standard for S Series Toggles and SW Series Rockers with part numbers ending in “/U” or “/CUL” will be revised as follows:

Change to Recognized UL Standard	Before Change	After Change
<b>UL Standard Number</b>	UL1054	UL61058-1/C-UL
<b>File Number</b>	E44145	E44145
<b>UL Recognition</b>	UL	UL, C-UL

- The UL identification marking for S Series Toggles and SW Series Rockers will be revised to cULus, indicating combined approval of both UL and CSA Standards recognized by UL. Temperature range and GP load will appear below the updated certification.

Changes to UL Identification	
Before Change	After Change
Example Shown: S6A/U 	Example Shown: S6A/U (or S6A/CUL) 

- Some of the S Series Toggles and SW Series Rockers part numbers will have different UL recognition ratings. These will be noted on the following tables of part numbers effected by the changes.

#### Notes

There are no changes to any of the switches’ dimensions or other mechanical specifications. Due to this change, UL recognition will be updated from UL1054 to UL61058-1/C-UL with rated voltage at 125V AC. Contact information is below if more details are needed.

#### Effective Date

Changes for the S Series Toggles and SW Series Rockers will be ~~effective May 2025~~. **announced at a later date.** However, the date may be subject to change depending on inventory of the products.
